Pandemic Mock Drill	The KCER pandemic response team and facility operations team held a mock pandemic drill, facilitated by Larry Park. The drill used was the Leon County Influenza Pandemic			

	<p>Tabletop Exercise and lasted 2 hours and 10 minutes. The group decided to hold another joint call in July to further discuss lessons learned from the drill and next steps. The responses to the drill questions and specific items brought up related to dialysis patients and providers are listed on the attached drill document. Additional resources mentioned are listed below or attached with the minutes of this call to all members. Group members believe another future drill will be helpful.</p> <p>Resources:</p> <p>From Sherline Lee: The topic of triage protocols came up in today's drill. Here's an index of known practices/guidelines. Many of these are locally developed concepts that try to preserve the functioning of local healthcare facilities by directing mild cases of flu to alternate care sites that provide some level of supportive care. http://www.pandemicpractices.org/practices/list.do?topic-id=5</p> <p>From Judy Stevenson: The website for the Government Emergency Telecommunications Service is: http://www.gets.ncs.gov</p> <p>It was established that ESRD Networks qualified when I applied. But, organizations that deal with disaster recovery or public health and safety qualify.</p> <p>From Eileen Peacock: Webcast on pandemic issues June 4, 2 p.m. eastern: http://www.pandemicflu.gov/news/panflu_webinar.html No pre-registration necessary. Just go to the link at the designated time.</p>
